

**Dr. Anupam Goyal, Ph.D.**

Dr. Goyal completed a postdoctoral fellowship at Stanford University School of Medicine where he co-implemented medical image processing in a software tool called “BrainImageJava” funded by National Institutes of Health (NIH). Prior to that he completed a postdoctoral fellowship at Stanford University Department of Electrical Engineering where he co-invented a search engine called “Knowledge Concierge”. He was awarded a Ph.D. in Electrical and Computer Engineering with a minor in Computer Science and an M.S. in Optical Sciences from the University of Arizona in Tucson, Arizona. He also received an M.S. in Computer Engineering from the University of Texas at El Paso and a B.E. in Electronics and Communication Engineering from the College of Engineering, Guindy of Anna University in Chennai (India). He completed pre-medical and medicine-related coursework in the US at Harvard University Summer School, Stanford University, University of Arizona, and Arizona State University.

He is a member of Institute of Electrical and Electronics Engineers (IEEE) and of Tau Beta Pi and Eta Kappa Nu honor societies.
